Dear Tim,

These are the facts ---

1. Manny _____, who lives a _____, attended our first fundraising event as a guest of Randal Kleiser in Feb 2015 and donated \$1000 because he loves the park, his home is surrounded by the park, and was supportive of the Foundation's efforts to protect and preserve the park.
2. Some months later in April 2015, we heard about a proposed development at 3003 Runyon Canyon Road. Since the mission of the Foundation is fundraising for the park, personal property and related permits are not part of our mission per our understanding of IRS rules.
3. However, individual Board Members, having other roles in the community, brought the subject property to the attention of the MDRB and the Hillside Federation which are the appropriate forums concerning personal properties and related permits. It was also brought to the attention of the SMMC. Several meetings were held and each meeting was attended by Foundation individuals opposing the proposed project. Those organizations took the appropriate action on the property.
4. There were NO conversations with Mr. Valencia regarding his property, and there was no favor given to Mr. Valencia for his donation per IRS regulations.

The statement below is obviously misleading and a misrepresentation of the facts.....

Thank you,

Don

Hi Don,

Can you help clarify this:

Developer Manuel [REDACTED] is applying to build a 9,500 square foot mansion at [REDACTED] the site of the Lloyd Wright house, bordered on all 4 sides by the canyon. It has been a Los Angeles Historic-Cultural Monument since 1992, which protects it from demolition. The new mansion would need to be located elsewhere on the almost 5 acre property. Opponents allege that Valencia is a major "funder" of FORC, and that the FORC board voted to not oppose the building of a 9,500 square foot house in the middle of Runyon Canyon.

Thanks,

Tim
